HELP KEEP OUR COMMUNITY CLEAN!

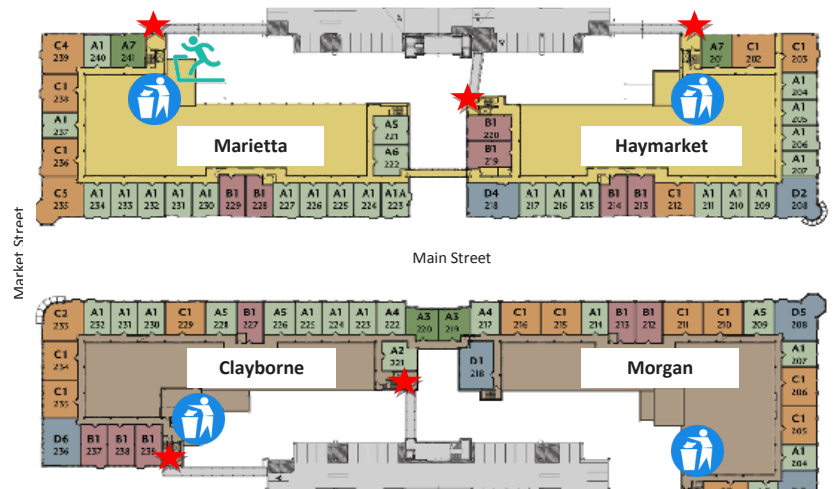

As your management staff, we work each day to provide you with the highest quality. However, we all play a role in keeping our community clean. We kindly ask you to help us in our effort to maintain a clean and safe environment for all to enjoy.

TRASH DISPOSAL:

Please keep in mind that each building has TWO trash compactor/chute rooms. If one of the trash compactors/chutes is backed up, please notify our office, and use the other trash compactor/chute.

Rubbish chutes are located at the end of each hallway, across from the elevator. Large items and broken-down boxes can be placed in the moving room/service corridor at the lobby level accessible through the rear entrance of the elevator (accessible by pressing 1R).

 = trash compactor / chute room  = entrances / exits

Bulk items and broken-down cardboard boxes should be placed neatly, not thrown, in the move-in room. Bulk items should never be left in the trash compactor rooms. If your bulk item prevents safe passage, we ask you to refrain from leaving it in the move-in room without consulting our office first. Per city law, we must maintain the safe passage through that room.

If you have large furniture items, please remove this item and **DO NOT LEAVE** it in the Move-In Room, or contact a bulk pick-up company and notify our office immediately when the item was left and when it will be picked up.

Donate Furniture to chair-ity.

Help support aged-out foster youth transition to independent living!

Learn more at chair-ity.org

- 1 Make sure items are free of rips, tears, stains, and pet residues, and cleaned to the best of your ability
- 2 Take a photo of the full item in good lighting, each item separately (10 pics max per submission)
- 3 Submit your items at chair-ity.org/donate-furniture
- 4 Check your email for a message from our staff to schedule a pick up (\$15 fee) or drop off
- 5 Meet our staff at the designated time and place, and see your furniture off to its second life.

PET WASTE:

For your convenience, pet waste stations are installed across the property. All pet defecation MUST be picked up and disposed of properly; if the pet waste station is out of waste bags this not relieve you of your obligation to pick up your pet's waste. *Per Cuyahoga County Code 603.041 Disposal of Dog Waste; (d) Whoever violates this section of is guilty of a minor misdemeanor.* We ask kindly that all residents pick up after their pets and dispose of the waste properly.

Your compliance with this notice is necessary; we appreciate your attention to this matter and assistance in keeping our community clean!

ELECTRIC VEHICLE CHARGING

Plugzio is the most scalable electric mobility charging provider in North America. Plugzio platform allows properties to monitor, manage and monetize access to power so you can use electricity in a common property without having to worry about being denied access or receiving usage fines.

WHAT YOU WILL NEED

1. Your electric vehicle charging cable
 - Every electric vehicle gets delivered with a charging cable, found in the front or the trunk of the car, when you purchase it. Most electric vehicle chargers lock into the vehicle when you lock the doors so your cable will be as safe as anything within your vehicle while you are charging.
2. Your smart phone or a computer
 - Every Plugzio unit has a QR code and a Device ID (e.g. ADAIE), by scanning that QR code using your smart phone, you will be redirected to the login page. If you don't want to use the QR code, and prefer to activate using a computer, go to the following URL on your favorite browser: **my.plugz.io**

PLUGZIO WALLET

Every user has a wallet on the Plugzio user dashboard, wallets are used to pay for usage on Plugzio devices. The dashboard wizard will walk you through the steps to create and top up your wallet on your first activation. You can manually create and top up a wallet by going to "Wallets" page and pressing "+ TOP UP" on your wallet.

After you press "TOP UP", you can insert the amount you want to add to your Plugzio wallet. It's completely your choice how much money you want to top up your wallet with. *NOTE: If your wallet runs out of money as you are using a Plugzio device, electricity will be shut down until you recharge your wallet!*

CHARGING LOCATIONS

Market Square Garage

- 2 chargers
- Southwest corner
